MYP unit organizer

Use the 12 planning sections to connect inquiry, learning and evidence.

Download first. Open in a compatible PDF reader, fill it in, then save a filled copy.
Reopen the saved copy to verify every value. Browser saving support varies.
This PDF does not submit or save work to the school. Use general teaching plans only.
Do not enter student names, records, grades or confidential information.

01 Unit title and subject

Name the subject, MYP year, approximate duration and unit.

02 Key and related concepts

Select appropriate concepts from the current subject guide.

03 Global context and exploration

Choose a meaningful global context and the exploration that gives the unit focus.

04 Statement of inquiry

Express the conceptual relationship in the chosen global context.

05 Inquiry questions

Include factual, conceptual and debatable questions.

MYP unit organizer

Design the learning | Objectives, assessment, ATL and experiences

06 Objectives and assessment criteria

Identify the relevant year-level subject objectives and criteria. Verify with the current guide.

07 Summative assessment

What will learners do or create? Explain the connection to the statement of inquiry.

08 ATL skills and explicit teaching

Select a specific skill. Describe how you will model, practise and observe it.

09 Learning experiences and content

Sequence the knowledge, experiences and scaffolds learners need.

Use current authorized subject guidance for requirements. This organizer does not reproduce an IB guide or rubric.

MYP unit organizer

Check and adapt | Feedback, access, resources and reflection

10 Formative assessment and feedback

Plan checks for understanding and opportunities to use feedback.

11 Differentiation and resources

Plan access, challenge, useful materials and perspectives.

12 Reflection before, during and after

Record predictions, emerging evidence, adjustments and next steps. Label each stage in your notes.

Keep notes concise and review print preview for clipped text. Retain student records in approved school systems. This original organizer supports planning; it does not establish assessment requirements.
